

**SONNET  
BARIATRIC CUSHION**

# Sonnet Bariatric

300kg Triple Core Cushion

The Forté Sonnet Bariatric cushions are manufactured from extremely high performance, medical grade foams and provided sustained patient care and comfort specifically for bariatric patients, up to 300kg's. 100% made in Forté's New England facility, the Sonnet Bariatric cushion has a triple layered foam core graded to deliver both comfort, patient protection and support. The Sonnet cushions are the ideal choice for facilities seeking low cost, durable and compliant pressure care cushions for low risk patients.
