AIR MATTRESS SURROUNDS

# AMS1000 Forté Air System Surrounds

EVERY PRODUCT  
CUSTOM MADE

Forté Air Mattress Surrounds provide additional width and/or length to pressure relieving air support surfaces enabling the Air Support Surface to adapt to almost any bed base or configuration. High specification foam enhances the stability of the support surface and provide additional patient and caregiver assistance for positioning and transfers. Covering materials and construction methods match the clinical performance characteristics of the Air Support Surface to ensure that pressure relief and patient skin protection is not compromised. Speak with Forté Healthcare or your distributor today to enquire further.
