FOURFRONT FM4

4-Way Rotational Comfort Mental Health Mattress

The Fourfront Range delivers ultimate patient care and support surface versatility within the mental health setting. Fourfront Static Care Mental Health Support Surfaces are the superior choice for demanding mental health ward applications.

Tried and trusted in facilities nationwide, the Fourfront range combines outstanding durability, 4-way rotational ability, a high standard and consistency of care and excellent value.

Fourfront Mattresses incorporate fully sealed and enclosed covers to protect the foam core. All foams used meet fire retardant standards for compliance within Mental Healthcare.

Fourfront FM4 4-Way Rotational Triple Layer Mental Health Mattress

- ✓ Pressure Care, Vapour Permeable, Polyurethane Material
- ✓ Non-Pressure Care, Damaged Resistant, Waterproof, PVC Material

SIZE

- ✓ Customisable to any size - width, length, height
- ✓ Contact Forté Healthcare

DISCLAIMERS

* Optimal patient weight range for pressure care and comfort. Minimum weight capacities are to be used as a guide only, it may be the situation that patients with a lower weight than the minimum weight threshold will be suited to a surface with a greater minimum weight threshold than that of their own weight for functional and/or individual comfort purposes.

** Warranty refers to any manufacturing or product defects. Due to its nature, foam will soften and its resilience will decrease with usage and age. Contact Forté Healthcare Solutions for further specific information.

GLOBAL TECHNOLOGY
