

The Icon Medium Risk Pressure Care Mattress Range provides true leadership in static pressure care in a preventative setting. Tried and trusted in facilities nation-wide, the Icon range combines outstanding durability, a high standard and consistency of care and excellent value. An extensive variety of configurations are available providing for a wide range of patient needs and requirements.

Icon Medical Mattress Characteristics

EXCELLENT IMMERSION

ANATOMICAL SUPPORT

FIRM FOUNDATION

FALLS PROTECTION

AIROFORM IMMERSION INTERFACE

- Envelops 'bony prominences'
- Increases contact between surface and patient, dispersing and equalizing contact pressure
- Provides excellent conformity to individual patient body profiles

ANATOMICAL SUPPORT REGION

- Provides additional immersion and envelopment
- Provides postural support for patient comfort
- Resilient to optimize function, mobility and repositioning

FIRM FOUNDATION AND BASE SUPPORT REGION

- Protects patient from 'bottoming-out' whilst in seated/semifowler/fowler position
- Provides enhanced support for repositioning and transfer
- Assists in primary care

INTEGRATED STRENGTHENED SIDES

- Provide lateral stability and reduce falls risk
- ✓ Support patient transfer and ingress/egress
- Assist primary care, provides caregivers a firm edge for support for repositioning
- Protects patient from edge of bed surface

Features

AIRFORM GEL IMMERSION INTERFACE LAYER

- Visco-elastic cell structure provides low-shear surface and effective immersion
- Gel particles work to absorb excessive heat and regulate patient temperature
- Provides enhanced breathability minimising risk of excessive patient heat
- Provides exceptional comfort

UNIQUE, 5 LAYERED CORE

- ✓ High specification foam for longevity and performance
- Provides graded postural support and patient comfort
- Anti-microbial treatment applied to foam maximises longevity and core micro-climate
- Excellent core stability to encourage centralised patient positioning to minimise falls risk, entrapment and enhance pressure relief

PREMIUM FIRM FOUNDATION LAYER

- Provides protection against 'bottoming-out' during transfer, repositioning and whilst in the inclined/fowler position
- Provides exceptional comfort, support for repositioning and patient care

HINGED STRENGTHENED SIDES

- ✓ Increase lateral stability of support surface
- Improves patient safety and encourages central patient positioning
- Make patient transfers easier
- Unique hinge profile reduces foam fatigue and allow mattress to easily conform to varied bed positions
- Enables ease of primary patient care

ANTI-SHEAR INNER COVER

- Dramatically reduces shearing forces at the patient interface
- Fine stretch Lycra based material is wrinkle free and conforming to varied bed positions
- Provides additional protection to the foam core

Luxury Quilted Cotton Cover

Open weave, breathable pressure care cover which looks and feels comparable to a luxury conventional residential mattress. 4-Way Stretch, anti-shearing, conforming opean weave fabric compliments the multi-tiered foam structure offering pressure redistribution, immersion and evevelopment. High breathability aids in microclimate control - encouraging air circulation which promotes health microclimate conditions at the skin interface and provides comfort especially to hot sleepers.

LUXURY QUILTED QC1000 MATERIAL

- ${\bf r}$ Excellent breathability opean weave structure allows cooler sleep and reduces heat related sweating ${\bf \theta}$ discomfort
- 4-Way stretch preventing hammocking and stretching beanth bony regions
- Anatomically contonouring compliments immersion, evelopment and pressure distribution within mattress
- Anti-Shearing and Anti-Friction for protection of vulnerable skin
- High Quality, Luxury Comfort
- Standard Colour: Textured White

CLEANING AND CARE

- Removable
- Spot Clean

COMPLIANCE

- Not suitable for incontient patients
- Material manufactured in Australia
- ✓ High Quality materials and construction

CONSTRUCTION

✓ 180° / two-sided integrated zipper

INTEGRATED ZIPPER

- ✓ 180° / Two-Sided Zipper
- Allows easy cover removal
- Robust and durable

Premiflex Pressure Care Covers

Premiflex Classic Premium Pressure Care Cover

The Forté Premiflex Classic Cover Range builds on the attributes of the Premiflex range and delivers superior infection control and overall mattress longevity. Acute care environments often result in prolonged exposure to high humidity and moisture as result of reduced mattress rest periods and higher utilisation. Premiflex Ultra Breathe technology increases the ability of the cover to allow moisture to escape and consequently reducing condensation and formation of contaminants within the cover. Benefits of this include less risk of mould developing and greater foam performance.

Premiflex Ultra Premium Breathe Pressure Care Cover

The Forté Premiflex Ultra Breathe Covers Range builds on the attributes of the Premiflex range and delivers superior infection control and overall mattress longevity. Acute care environments often result in prolonged exposure to high humidity and moisture as result of reduced mattress rest periods and higher utilisation. Premiflex Ultra Breathe technology increases the ability of the cover to allow moisture to escape and consequently reducing condensation and formation of contaminants within the cover. Benefits of this include less risk of mould developing and greater foam performance.

CLEANING AND CARE

- ▼ 10,000ppm disinfection chemical suitability
- Wipe clean
- Stain Resistant
- Anti-microbial protected

COMPLIANCE

- Fire retardant, meets BS 6807 ignition source 5 and BS 7175 ignition source 5 standards
- Anti-microbial protected
- All seams high frequency welded, no exposed sewn seams
- Meets and Exceeds Facility Requirement
- Material manufactured in Belgium, to Forté specification

Market leading pressure care covers, designed for optimal longevity and performance in demanding facility environments

PREMIFLEX PREMIUM PFPU1100 POLYURETHANE PRESSURE CARE UPPER MATERIAL

- Ultra & Classic
- High Performance, Single Sided Polyurethane
- ✓ 4-Way/Bi-Directional stretch for shear protection, immersion & evelopment
- Vapour permeable and breathable
- Resistant to patient body fluids
- Flexible and gentle to the skin
- Superior resistance to cleaning agents
- Standard Colour: Purple/Grape

DOUBLE COATED POLYURETHANE BASE

- ✓ Ultra
- Durable
- Protects foam core against the bed base
- Provides exceptional conformity and profiling

 Provides exceptional conformity and profiling to medical bed surfaces
- Superior resistance to cleaning agents
- Standard Colour: Deep Grey

HEAVY DUTY PVC1120 BASE MATERIAL

- Classic
- ✓ 100% Waterproof
- Heavy Duty, Robust & Hardwearing
- Protects foam core against the bed base
- to medical bed surfaces
- Reduces shearing forces by sliding against bed base as the bed base profiles
- Superior resistance to cleaning agents
- Standard Colour: Grey

FULL VAPOUR PERMEABILITY

- Allows vapour to travel right through the cover at a controlled rate
- Reduces risk of internal infection entrapment and optimises core micro-climate

CONSTRUCTION

- All seams high frequency sealed & welded
- 180° / two-sided integrated zipper
- Waterfall Fluid Penetration Flap
- TGA Compliant Product Labelling

INTEGRATED ZIPPER

- 180° / Two-Sided Zipper
- Allows easy cover removal
- Robust and durable
- High frequency welded attachment for optimal protection against fluid ingress

WATERFALL ZIPPER PROTECTION FLAP

- Protects additional protection against fluid ingress through zipper
- Meets infection control guidelines

HIGH FREQUENCY SEALED AND WELDED SEAMS

- ▼ Electromagnetically fused seams protecting against risk of penetration of fluid
- Meets and exceeds infection control requirements
- Reinforced with additional heavy duty stitching at stress points
- ▼ 100% Sealed to prevent ingress of fluid or infection
